Warehousing

Our 35 acre logistics park holds the Johanna 1 Warehouse and has a ground floor measurement of 80,000 square feet. With nine stories of racking sitting within that space, 22,000 available pallet locations and a bespoke state-of-the-art design smart warehouse management system. This enables us to offer a complete end-to-end logistics and warehousing solution to suit a range of occupiers from SMEs to large manufacturing and distribution companies.

Services

- Racked and open floor storage
- Container de-stuffing
- Pallet stripping and rebuilding
- Boom conveyer system facilities
- Cross docking
- Co-packing

Customs

At NT Customs we offer Customs Clearance Services throughout Europe. Our trained team of Customs Clearance Agents are on site and available to deal with any queries and ensure declarations are completed promptly. At NT Customs our services include:

Services

- Export Declarations
- Import Declarations
- Entry Safety & Security (ENS)
- Exit Safety & Security (EXS)
- Customs T1 & T2 Transits
- TSS (ENS)
- Complex Declarations
- SPS Declarations
